Fig. 3

Figure 1: Schematic diagram of the experimental setup. The diagram shows a vertical stack of eight horizontal bars representing different models, labeled M7 at the top and M1 at the bottom. The bars are color-coded: M7 and M6 are white, M5 is light gray, M4 is medium gray, M3 is dark gray, M2 is very dark gray, and M1 is black. To the right of the bars, the model numbers M7, M6, M5, M4, M3, M2, and M1 are listed. Further to the right, a vertical axis with arrows at both ends is shown, with numerical values 464, 462, 460, 458, 456, 454, and 452 corresponding to the models. A curved line connects the model labels to the numerical values.
